Advises Against Long Staple.

David R. Coker, of Hartsville, president of the South Carolina Plant Breeders' association, in his annual address before the association, advised against planting long staple cotton next season except in sections of the state where the marketing facilities are good.

"The growers of long staple cotton have been unable to interest the cotton buyers to the extent of creating a steady and uniform market for staple cotton," he said. "I have done all I could to second President Dabbs of the Farmers' Union in his efforts to better the marketing conditions. I believe a proper system of warehouses would greatly benefit the staple cotton market."

"Unless we can change present marketing conditions, I believe that farmers should stop planting staple cotton and go back to short staple cotton, where they are not unfavorably located as regards markets."

The Mother's Favorite

A cough medicine for children should be harmless. It should be pleasant to take. It should be effective. Chamberlain's Cough Remedy is all of this and is the mothers' favorite everywhere. For sale by all dealers.—Adv.

Your Money Back If You Want It

Leading Druggists Will Refund Purchase Price of Dodson's Liver Tonic if You're Dissatisfied.

The Pickens Drug Co. may not be willing to guarantee the safety and reliability of calomel for constipation and sluggish liver, but these stores will and do stand back of Dodson's Liver Tonic with an unconditional guarantee to refund the full purchase price (50c.) instantly without question if you are not satisfied in every way with Dodson's Liver Tonic and its results.

If you take calomel, perhaps you will seem to get temporary relief, but it often happens that the after-effects are at least unpleasant and sometimes dangerous. Calomel in large doses is a poison and actually deadly to some—perhaps to you—and hence its use means taking chances.

With Dodson's Liver Tonic you are always safe. Its reliability is so certain that it can be sold with the money-back guarantee. It is a vegetable liquid, pleasant to take, and it cannot harm. It clears up the dull and aching head and cleans out the clogged system in what many have found to be a wonderful way. Dodson's Liver Tonic will do for you what it has done for thousands—and you run no risk in trying it. Ask Pickens Drug Co. about Dodson's and the guarantee.—Adv.

President Riggs of Clemson will go to Washington this week to confer with the department of agriculture in reference to beginning the campaign to rid the state of the cattle tick. The Forty Year Test

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers. Adv.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when, your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Rexall Stores and in this town only by us. In vest pocket tin boxes, 10c, 25c, 50c.

This Is Our Guarantee—You Risk No Money

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.
